(1) Letter No 1614/175 dated 9th Dec. 89 from the Inspector Genl of Police in Mysore, recommending that the remuneration granted during the season of drought to Totis and Talaris employed to watch the outposts, may be made permanent, and that pending the disposal of that question the remuneration may be continued up to the end of March 1893

(2) Govt Order No 2989-98/556-92 dated 11 Dec. 1892, sanctioning the continuance of the remuneration up to the end of March 1893.

Read —

Letter No 3127/346 dated 24th April 1893 from the Inspecr Genl of Police, stating Crime on highways has been materially checked by employ Totis & Talaris in guarding the outposts & chauts, that as a result of the employm of these on a fixed month remuneration greater readiness manifested by the villag

Police in the general Police work of the Mofussil, that the work of re-organizing the village Police now on hand will be greatly facilitated if the healthy relations that now subsist between the Regular & village Police could be maintained, that pending the settlement of the question of permanently remunerating the Village Police the allowance hitherto paid to Patels & Talaries may be continued at the reduced rate of Rs. 2 per head, and that the total cost of this will amount to Rs. 1674 per mensem or Rs. 20,088 per year in the whole Province.

Also—

Communications from the Dy Commrs of Kolar, Mysore and Chitaldroog, received with the above-cited letters Nos $\frac{3553}{417}$ and $\frac{3762}{447}$ dated 31st May & 17th June 1893 from the Inspector Genl of Police

In 1892, Government Sanctio
as a temporary measure the em
ployment of Totis and Talaris
Juard the out-posts, passes, Cha
Stations &c, on an allowance of
Rs 3 per month. Finer numbe
of Totis & Talaris were assigned fo
each of the Districts of Mysore,
Bangalore, Kolar, Hassan, Tumk
and Chittaldroog.

In Govt Orders 9989-9998 of 11th D
536-92.
1892, Government Sanctioned the
continuance of the above allowa
till the end of March 1893. Accordi
the remuneration was discontinue
at the end of march. The Deputy
Commissioners of the above name
Districts thereupon pointed out
the necessity of continuing th
remuneration, without which
an active Cooperation of the Rega
and Village Police was impossib
and proposed that the System
of remunerating the Totis and
Talaris be made permanent.

The Inspector General of Police forwarding the Deputy Commissioners letters also strongly recommends that the employment of the Police and Talars to watch the Chaukidars etc on a remuneration of at least Rs 2 per month be made permanent.

The Government have requested the Inspector General to explain why now that the proposal to remunerate the Chaukidars is made on different grounds (viz active Cooperation of the Regular & Village Police) applicable to the whole Province, the Province may not be excluded in the measure and to submit revised proposals for the consideration of Government.

WM

The Inspector General of Police has submitted a reminder with reference to a bill for Rs 20-8-3 which the Deputy Commissioner of Tumkur had forwarded to him and which he had recommended for sanction in his $\frac{2162}{2132}$ of 31st January 1893. The above amount is said to have been incurred in remunerating the Totis and Talars in the Hulgur Sub-Taluk. In order No D 359. of 21/4/1892 sanctioning the employment of Totis & Talars in the Tumkur Dt, no allotment was made to this Sub-Taluk as the employment of such men was then unnecessary for it. But subsequently in Aug. 1892 the Dt Commissioner of Tumkur sanctioned, on the recommendation of the Dt Magistrate

the employment of 4 Police Talars as he found a large amount (150 Rs a month) available out of the allotment made to the Konataje Sub Talak.

It is not explained why only 16 men were employed for the Konataje Sub Talak for which 66 men were assigned as necessary, in the recommendation of the Inspector General of Police

Read,

Letter No. 1445/118 dated 10th November 1894 from the Inspector General of Police.

—o—

Order thereon:

During the season of drought in 1892 the Government, on the recommendation of the Inspector General of Police, sanctioned temporarily a sum of Rs 3/, per head to Tolies and Talaries who performed quasi police functions in watching high roads, passes and ghats. This concession was granted only to some portions of the Kolar, Bangalore, Tumkur, Chitaldroog Hassan, and Mysore Districts.

2. The Inspector General of Police, in his letter No. 1614/175, dated 9th December 1892, recommended that

that the remuneration granted during the season of drought may be made permanent, and, pending the disposal of that question, requested the continuance of the concession upto the end of March 1893. This was sanctioned in Proceedings, No 9989-98 / J. 556-92, dated 11th December 1892.

3. Again, in his letter, No 3127/346, dated 24th April 1893, Mr. Madhava Rao brought to the notice of Government the necessity of permanently remunerating the Tolies and Talaries, as [illegible] employment, crime on [illegible]gh-ways has been materially checked. The Deputy Commissioners of Kolar, Mysore, and Chitaldroog also advocated the measure.

4. The Inspector General was, in this Office No 4562 / J. F. 213-92 dated 8th September 1893, requested

to

to submit definite proposals with reference to the requirements of the whole Province. He now submits a scheme which provides for 478 out-posts and ghât-stations being watched by 859 Jotties and Jalaries, as shewn under, at a monthly cost of Rs 1718, the remuneration being Rs 2/- per head :—

5. The Government observe that the proposed scheme will not only afford relief to the poorer classes of village servants (Jodies and Jalaries) but also provide for the better and more efficient performance of the duties devolving on the village watchmen, and they are accordingly pleased to sanction its introduction tentatively for a period of 3 years, by which time sufficient experience will have been gained, to enable the Government to decide whether the system should be continued permanently or not.

6. The Government approve also of the suggestion made by the Inspector General of Police, that the allowances to be granted should be of a hereditary nature. With this object in view, the selections should be made

carefully from the existing Toti & Talari families, having due regard to hereditary claims or other local usage or custom

7. A descriptive Roll of the persons selected for service in each Taluk should be prepared as early as possible & submitted for the sanction of Government, reporting, at the same time, the date from which the system has been brought into force in each Taluk. To the monthly Pay bill of each village Establishment should be appended a certificate to the following effect :-

"Certified that the village servants for whom salaries have been claimed in this abstract were actually on duty during the period indicated"

.....

.....

This certificate should be signed

by the village Patel and the Chief Police station officer within whose jurisdiction the village is situated.

it is not possible to judge the feasibility or otherwise of working the scheme profitably. What for several subsequent purposes only one point is however what is the traffic? Is the traffic always or only at stated times. The Inspector General has not given any detailed information in his letter. A statement containing the information above required with the necessary explanations in the Colonies of remarks seems to be necessary for forming an opinion. Rather than dispense a small number over all the roads as it has been often done in this scheme would it not be preferable to select one worst roads with much traffic & spend such roads effectively by having a fair number of Police & Talaries.

on the map upon which the Provincial scheme can not be decided on. It is too much I suppose that in a case like this the details can easily attempted. If the first sanction is to be work in a practical & expert manner first over the localities should be selected but also the materials available should be ascertained - one or two steps in 2 or 3 main lines which may be selected such the usefulness required & full enquiries on the spot may be pushed so that the system proposed may be

brought up from time to time as circumstances may require.

No. 4918-19/9520 dated 7th October 1899

Sanctioning the continuance of the establishment of Bakkas Istries and Talaries till the end of the year 1898-99 and calling for a full report as to the working of the ~~above~~ system together with information regarding the necessity for additional Bakkads and men with details.

Read,

Letter No. 4724/399 dated the 23rd June 1899, from the Inspector General of Police in Mysore, requesting that the present establishment of Bakkas Istries & Talaries may be continued for another year and stating that ~~as regards its~~ called for above the full report, ~~as regards its~~ working

~~nothing~~ will be submitted after collecting some additional information.

Order thereon.

Government are constrained to remark that the report to be submitted by the Inspector General nearly a year after the issue of the Govt. Resolution read above is rather disappointing and very unsatisfactory and rather disappointing after waiting for one year. Six out of Eight consulted Deputy Commissioners have already expressed their opinions in favor of continuing the ~~Experiment~~ establishment. The Deputy Commissioners of Mysore & Shimoga were not in quite in favor of the measure. The Inspector General is requested to obtain the opinions of the ~~latter~~ two Deputy Commissioners and submit a complete report with definite

over of Mysore & Shimoga who were not quite in favour of the measure

proposals as to changes needed without unnecessary delay.

Meanwhile the retention of the present establishment of Gokhale Istes & Talaries is sanctioned for a period of six months.

2. That the Continuance for another year, from 1st July 1899, of the temporary establishment of lorries and Salaries guarding frontier Stations, be Sanctioned, as recommended by the Inspector General of Police in his letter No. 4724/399 dated 23rd June 1899, with the observation that the Government Consider that the explanation given for the delay in the Submission of the Report called for so far back as the 7th October 1898, is unsatisfactory, and that they trust that the Inspector General will endeavour to expedite the Report as much as possible.

SIR,

With reference to para 2 of the Government Proceedings No. 592 (1) of the 29th July 1892, I have the honor to report that though the prospects of the season have improved, the time has not yet arrived when the services of the Peons and Talaries who now help the Police in guarding outposts and Chauts in several Districts, could be conveniently dispensed with by their remuneration being stopped.

Not in the file 88/1718/19

2. These village servants did good work during the late drought, and experience has shown that at a comparatively trifling cost only Rs. 2553/- for the whole Province the safety of our roads could be materially improved and crimes on highways checked even in times of scarcity by enlisting the

tion.

active cooperation of the village Police on payment of a small monthly salary.

3. All the Deputy Commissioners of Districts — except Tumkúr, in which the Scheme was tried have expressed themselves strongly in favor of the perpetuation of the system. The officiating Deputy Commissioner of Tumkúr, who recommends an alternative proposal of employing armed Police to guard the passes in the Ghauts is not able to speak of the working of the scheme introduced during the late Scarcity from personal knowledge.

4. The unremunerative Jodi lands and the uncertain grain remuneration of our Potis and Talaries is hardly sufficient inducement for their ordinary duties in the village being properly performed, and when it is considered that the watching of Ghauts and out posts often in distant situations does not fall quite within the sphere of their legitimate functions it can be readily understood how perfunctorily and

imperfectly

imperfectly this duty will be discharged without the strong incentive supplied by a regular monthly money payment.

5. Pending the question of making the remuneration permanent, which I would strongly urge on the consideration of Government, I would solicit sanction to the continuance of the present allowance to the Yotis and Yalaries to the end of March 1893, as by that time the dry crops will have been harvested and the general condition of the country as also of the useful class of Yotis and Yalaris will have undergone a change for the better.

6. The altered lists received from the Deputy Commissioners of Has and Chitaldroog are herewith

Sir,

I enclosing for sanction a Bill for Rs. 20-8-3 being the amount of remuneration due to the Sotis and Talaries employed in watching the ghaut passes in the Kulyar Sub-Taluk, for the months of August and September last, has the honor to state that in Government Proceedings No. D 359 dated 21st April last, no separate allotment was made to this Sub-Taluk because no mention of the same was made in the list of Sotis and Talaries forwarded to the Inspector General of Police with this office Docket No. 1283 dated 19th March 1892 as the employment of such men in it was then unnecessary. Subsequently however, that is in August last, the Deputy Amildar having urged the employment of four Sotis and Talaries to watch the ghaut passes in the Sub-Taluk, the then Deputy Commissioner Mr. Haji Syed Nasaruddeen Sahib sanctioned the proposal finding a large amount

c. 3

From

The Inspector General of Police

To

The Chief Secretary to the
Government of Mysore.

With reference to the Government Proceedings No. 9989-98 / F.556-92 dated 11th December 1892, sanctioning the continuance of the allowance of Rs. 3 per mensem to Duties and Salaries up to the end of March 1893, I have the honor to forward herewith copies of the marginally noted communications from the Deputy Commissioners of Kolar and Mysore recommending that the allowance may be made permanent.

Kolar Deputy Commissioner's No. 547 of the 27th
" " No. 3352 of the 12th
Mysore " " No. " "

2. I have already brought to the notice of Government in my letter No. 1614/175 of the 9th December last that the safety of our roads has been materially improved and Crime on highways checked by employing Duties and Salaries in guarding the out posts and that in the several Districts, on a fixed monthly remunerat Recent experience of their work during the hot weather, in Crimes such as Dacoity are generally rife, goes to confir this opinion.

3. One of the good effects of this system is apparent in
the better touch which now exists between the Regular
and Village Police wherever the system is in force
and the greater readiness on the part of the latter
to co-operate with the Regular Police not only in
catching the Dakkads, but also in the general Police
work of the Mofussil. Looked at from this point of
view, the moral effect of the regular monthly payments
of Duties and Salaries can hardly be exaggerated. It
is on this account that I view with apprehension any
change which will have the effect of unsettling their minds
and throwing them back into the old order of things
wherein there was no great sympathy and co-operation
between the two systems of Police. The Regular Police who
are now accustomed to work jointly with the village
servants will, by being deprived of their help, be
handicapped in the matter of guarding the high roads
and passes. The work of re organizing the Village Police
now on hand will be greatly facilitated if the healthy
relations that now subsist between the Village and
Regular Police could be maintained.

4. Pending the question of permanently remunerating
the Village Police, I would recommend that the
allowance hitherto given to Duties and Salaries
be continued. It may however be reduced
to ~~Rs.~~ 2 per head. The total cost will amount

Sir,

3. In one of his recent diaries, the Assistant Superintendent of Police complained that in the Holalkere Taluk the Gotis and Talaris had ceased to assist the Regular Police in watching and patrolling the ghat Roads. The Amildar's explanation on the subject is herein enclosed for your perusal, as also a memo drawn up by the Assistant Superintendent of Police.

4. The order of Government dated 11th December 1892 evidently contemplated the re-organization of the villa Police before the end of March 1893. Hence the observati that "the question of making the system of remunerating Gotis and Talaris permanent has elsewhere been dealt with". But no such re-organization has yet been effected. The matter being one of considerable importance, the gener scheme contemplated by Government may naturally take some more time to be matured and given effect. the meantime, there is a difficulty in getting the Go and Talaris to render their Services gratuitously observed by Government the "Aya" payable to the is not easy of recovery. In the absence of some fi

and easily recoverable remuneration, no willing cooperation on the part of such servants can reasonably be expected. This District has not only an extensive British frontier to guard, but has also a large number of Akkadas on that roads. In the interests of the prevention of crime, these have to be carefully and regularly patrolled. The strength of the Regular Police Force is not perse sufficient for the efficient and satisfactory discharge of their duty.

Sir,

In continuation of this office No. 151 dated the 15th August 1892, I have the honor to state that village servants employed on the duty of guarding ghauts and roads are now loudly complaining of the stoppage of their pay. I have already fully stated my reasons why they should continue to get paid for the extra work required of them. They have often to work in unhealthy jungles. It is hardly fair that village servants of villages in the neighbourhood of ghauts

ghauts should be required to do this duty while those in others enjoy the same emoluments without the extra duty.

2. If a representation has already been made to Government, I would suggest that a reminder may now be submitted. The work of guarding ghauts will seriously suffer if village servants employed thereon should despair of getting remunerated for the extra work thereby thrown on them.

Sir,

I am directed to invite your attention to Subject No II discussed at the last meeting of the Representative Assembly held at Mysore in Octr 1892 and to request you to favor the Govt with your opinion on the Subject

I have &c

Chief Secretary

Summary of discussion.—Totis and Talaris are a very eful class of village servants. Under existing rules, these vants have to resort to Civil Courts for the recovery of e *aya* or grain fees due to them from defaulting raiyats. is procedure entails heavy cost and inconvenience on them. e *aya* should be recovered by Government as an arrear of nd Revenue. Again, these servants are not well remunerated, the payment of *aya* fees depending upon the generosity the raiyats. A small cess for the remuneration of this eful class may be levied.

Mr. Nanjunda Rao (R. M., Davangere Taluk).—The Aya" system is an antiquated one and should be done ay with. These servants do Government work and should paid by Government. No cess is levied in Bombay for e remuneration of these servants.

Mr. Chinnappa (R. M., Chintamani Taluk).—The cess is vied in Madras, but people there can easily pay it as they e granted remission of assessment for failure of crops. otis and Talaris are indispensable and their number ight to be increased in some villages in the Kolar District.

Mr. Munegauda (R. M., Hoskote Taluk).—The services Totis and Talaris are very necessary to the people.

Mr. Amble Annaiya Pandit (R. M., Mysore and Yedare Taluk), Mr. C. Srinivasa Rao (R. M., Chikmagalur Taluk.) nd others.—There can be no two opinions as to the usefulss of Totis and Talaris. Their work will increase with e introduction of the Village Munsiff's Scheme. The payent of "Aya" to them is not felt as in any way burdenme, for it is the rule with every raiyat to set apart a portion the produce of his field for charitable distribution at e thrashing-floor and even if a separate cess were levied e *aya* in kind would not cease.

Dewan's reply.—(After consultation with the Chief Judge nd the Inspector General of Police). In introducing the Survey ettlement in Bombay, the payments in grain which used to e made to *all* classes of village servants (Totis and Talari ncluded) were amalgamated with the Land Revenue, but in Mysore, only the *aya* of Patels and Shanbhogs was taken nto consideration in fixing the rates of assessment. A small ess to provide for the remuneration of Totis and Talaris will ot be out of the way, but the opinion of the land-owning lasses seems to be in favor of the continuance of the present ystem of grain payments. The matter will receive the earl

Sir,

With reference to your letter
No 3127 dated 4th April 1893,
recommending ~~that~~ the continuance of remuneration to
the 837 toties and talaris employed
to watch out posts during the past
season of drought, and stating
that the total cost for the whole
Province will amount to Rs. 1674
per mensem or Rs. 20,088 per year,
I am directed to invite your
attention to the accompanying
Statement showing the distribution
of the said Toties and Talaris,
from which it will be seen
that two districts wholly and
several Talukas of the other districts
have been left out of consideration.
In originally sanctioning the
remuneration temporarily
to tracts affected by the drought
the Government had in view

the relief of the poorer village
servants in those tracts and
protection to trade, called for
by the exigencies of the season.
As the proposal to sanction
the remuneration permanently
is made now on different
grounds which are applicable
to the whole Province, the
Government are desirous that
the subject should be considered
generally with reference to the
requirements of all parts of the
Province. A partial measure
such as is now proposed will,
it is feared, create discontent
among the same class of servants
employed in parts to which it
does not apply.

I am therefore desired to
ask you to submit revised
proposals for the consideration
and orders of Government.

In forwarding herewith copy of letter No. 159 dated 31st Ultimo from the Deputy Commissioner Kolar, I have the honor to report that in Proceedings No. D 206 dated 24 February 1892, Government sanctioned the employment of 101 Jotiés for duty at the Ghaut Stations &c in that District at a total cost of Rs 303/- per mensem. After a time it was found that the services of some of them in Malur were not required. The services of 20 Jotiés were accordingly dispensed with in the Malur Taluk and out of this number 11 Jotiés were appointed to the marginally noted places, where they were urgently required. The above arrangement resulted in a saving of Rs 27/- per month.

SIR,

With reference to the last para of your letter No. 456 J.F. 213 dated 8th September 1893, calling for a general scheme for the employment of village Police at ghats and out posts, I have the honor to submit, after consultation with the Deputy Commissioner revised proposals for the permanent remuneration of Jotis and Talaries employed in watching out posts and ghats, and to request that early sanction may be accorded to the scheme.

2. The Deputy Commissioners recommends a pay of Rs. 3/- per mensem for each watcher, but for a permanent remuneration I consider a scale of Rs. 2/- will prove sufficient.

3. According to the revised scale, 478 out posts and ghat stations are proposed to be watched by 859 Jotis and Talaries costing Rs. 1718- per mensem or Rs. 20616- per annum for the whole Province excepting only the Malnad parts where Jotis and Talars do not exist. It will be observed that the proposed

Cost of Rs. 20,616 per annum for the Province compares very favorably with the cost (Rs. 30,924) as per scale temporarily sanctioned during the drought of 1892, for portions of the Province.

4. I beg to append a Talukwar statement shewing the number of outposts and the number of watchers to be employed and the cost. A tracing shewing the position of the Thanas and out posts is also forwarded for information.

5. The advantages of the proposed establishment are fully set out in my letter No. 3127/346 dated 24th April 1893 and I therefore need not go over the same ground again.

6. In order that Government may utilize the services of this class of Servants to the best advantage, I think the stipend should be treated as a haq attached to the Gote or Talari family to be enjoyed by the person or persons who may do the work of watching; payments being made every month by the Inspector of Police. If there are more families than one, each family may take up the work by turns in annual rotation.

I have the honor to be
Sir,
Your most obedient Servant.

To General
THE ~~CHIEF~~ SECRETARY TO THE
GOVERNMENT OF MYSORE.

SIR,

With reference to your letter No. 24452/J.1471 of the 26th June 1895, calling for certain particulars regarding the Cokkads and outposts where it is proposed to employ Sowties and Salaries, I have the honor to forward herewith a statement furnishing the information required.

2. It will be seen from the statement that the present proposal is for 466 Cokkads and Outposts with 819 Sowties to watch them at an annual cost of Rs 19,656; whereas in my letter No. 1445/118 of the 10th November 1894 proposals had been made for the establishment of 478 Cokkads and outposts costing Rs 20,616 per annum. There is thus a decrease of 12 outposts and

40

40 Yoties and a saving of Rs960 per annum on the proposals previously sent up. The details for the decrease are exhibited in the subjoined statement.

Districts	Former Proposal			Present Proposal			Increase			Decrease

3. The Deputy Commissioner of Kolar has as a special case recommended a pay of Rs4 to each of the 4 Yoties to be employed in 2 of the Cokkads in the Srinivaspur Range. The Deputy Commissioner, Hassan, says that it will not be possible to secure the services of Yoties for the low pay of Rs2 now proposed and recommends that the pay

pay may be fixed at Rs 4. The Deputy Commissioner, Shimoga, proposes a pay of Rs 3 in certain Talukas and Rs 4 in other Talukas. The Deputy Commissioner, Kadur, has proposed a pay of Rs 5 to each Toti in the Maidan part of the District and Rs 7 to each Toti in the Malnad part. The Sub Division officer, French Rocks, has proposed a pay of Rs 5 to each Toti whose village is near the Gokkad and Rs 6 to each Toti whose village is far away from the Gokkad. All these District officers are of opinion that it would be difficult to secure the services of the men for such a low pay as Rs 2/ and considering the heavy duty of watching by turns both by day and night proposed to be imposed in some of the Districts, I should say that their services could not be secured for less than the remuneration proposed by the District officers, but as it is desirable to keep the first cost within moderate limits, I would, until we gain further experience and as a tentative measure, start the men on Rs 2 per month which may in some special localities like those referred to by the Deputy Commissioner, Kolar, have to be increased to Rs 3 leaving a certain amount of discretion to District officers to adjust the work to the rate of pay sanctioned. The scheme will thus be

introduced

introduced at a minimum cost to Govern-
-ment.

4. Some of the District officers report that since the submission of their former proposals circumstances have changed necessitating a revision of the places where the Bokkads have to be established. Hence some of the out posts mentioned in the statement are new and some are in place of those first proposed. Such out posts are denoted by a cross mark in the state-
-ment.

5. With regard to the scheme itself the District officers report that when it was tried in the drought of 1892 it worked so well both in preventing the commission of offences and affording better security to travellers on the roads that it may be taken to have passed the stage of trial and they are all agreed that it will be highly beneficial if the scheme could be finally introduced in all parts of the Province. I fully concur in their views and would recommend that early sanction may be conveyed to the scheme now proposed.

6. With regard to the details of the working of the system, it may perhaps not be desirable to prescribe as a fixed

arrangement the exact locality of the outpost, number of villages to contribute the required number of sowes and the manner of watching the Dokkads. I would allow freedom of action to the District authorities within certain limits and leave them to arrange these details with reference to local peculiarities and requirements in communication with the Inspector General of Police.

6. Copy of a Memo prepared in this office, the marginally noted replies from the District Officers in original (to be kindly returned) and the revised maps received from the Deputy Commissioners of Hassan and Shimoga are herewith forwarded for the information of Government.

much difficulty in inducing their Police to accept 2/6 a week contentedly.

Why the distribution of duties expected of them? I still find there is a great diversity. I am willing that every latitude in the amount Police officers should adopt themselves to local conditions - but this does not mean that they should be allowed to treat the Police as a special reserve who are called out on special occasions. They must either watch themselves or in conjunction with the Police, & must watch either wholly or by turns at all odd times. Their patrolling the road may or may not do good & possibly just when they are wanted at the least they may be found where gone further off in an adverse direction. It is the certainty of their presence at a particular place that should inspire both sides of the road with feelings of safety and I would not insist upon patrolling as a matter of duty. Moreover the Regular Police ought not to have the scheme is certainly better matured than when it came upon the Council formerly. It is of course open to an opinion as to what the Distribution should on the subject but if the hereditary states and the principle of selection from the (explained) farming are kept to the Police concerned I am not sanguine hopes that they may accept the remuneration of 2/6 a month willingly they ought not to be made to believe that they have all the rigidity of the service by a member of the police force - they must also be impressed with the fact that they are not required to go farther than two or three miles from their homes. With so many advantages in their favour there ought not to be

Memo.

In letter No. 24452 of
J. 1471 of
the 26th June 1895, the
General Secretary to Govern-
ment stated that the
proposed scheme for the
permanent remuneration
of Posties and Salaries —
employed in watching
the outposts and ghats
had been generally approved
by the Government and
called for fuller
particulars on certain points
and also invited the
opinion of the Inspector
General of Police as to
whether it would not
be preferable for the —
efficient

Efficient working of the measure to introduce it somewhat gradually beginning with one or two selected Taluks in each maidan District and on special roads and ghats which are known to lie exposed to the inroads of the Criminal Classes.

The copy of the above letter was forwarded to the Deputy Commissioners of Districts and Sub-Division Officer, French Rocks, for submission of the statement called for by Government as also for an expression of their opinion with reference to

to the introduction of the Scheme either gradually or simultaneously all over the Province (Vide this office Circular No. 63/2 of the 5th July 1895).

I Bangalore District.

The Deputy Commissioner, Bangalore, has now submitted proposals for the establishment of 93 outposts with 157 Jotis and Talaries. But in his former proposal 87 outposts with 141 Jotis and Talaries had been proposed. The details of the increase are exhibited in the following statement.

	Former proposal Outposts & Talaries	Present proposal Outposts & Talaries
Bangalore	15 ... 19	14 ... 17
Anekal	3 ... 7	3 ... 7
Hosakote	19 ... 12	11 ... 12

Devanhelli	13 ... 22	12 ... 20
Nelamangala	9 ... 14	9 ... 14
Magadi	8 ... 13	10 ... 17
Dodballapur	14 ... 29	7 ... 15
Kankanhalli	10 ... 19	11 ... 23
Closepet	1 ... 2	11 ... 22
Channapatna	2 ... 4	5 ... 10
Total	87 ... 141	93 ... 157

Increase 6 outposts and 16 Toties and Salaries.

With regard to the Scheme the Deputy Commissioner States as follows:—

"Has the honor to state that during the past season of drough of 1892, the Government had temporarily sanctioned the entertainmen of these men in selecte Taluks of this District to watch outposts and ghats.

As I

" As their employment at
such a period prevented
, the inroads of Criminal
Classes and violent Crimes,
the Government was more
, than once moved to extend
the period for a year more
" and it was accordingly
" Sanctioned.

" The benefit of the —
" measure was so appa-
" rent that further trial
"is not necessary. On the
" other hand the station-
" ing of such watching
" groups in certain parts
" of the District only —
" leaving their links un-
" guarded would not
" at all tend to shew the
" full advantage of this
" Organization. The local

interest

interest thus secured of such outposts and the responsibility thus fixed on them will so strengthen the regular Constabulary, that, in his opinion, the necessity of their establishment may be fairly regarded as beyond the sphere of Controversy or doubt.

"The undersigned would therefore propose that they be re-established as early as possible in all places as now proposed to be located."

II Yukon District

The Deputy Commissioner

-missioner, Kolar, has now submitted proposals for the establishment of 85 outposts with 165 Jotiés to watch them; whereas in his proposal of 1893,— 108 outposts with 219 Jotiés had been proposed. The decrease is exhibited in the following statement.

	Former proposal No. of Outposts	Jotiés	Present proposal outposts	Jotiés
Kolar	11	24	9	18
Dowlingpet including Gold Mines	15	33	8	16
Malur	10	22	10	20
Mulbagal	4	8	4	8
Srinivasapur	6	12	6	12
Sidlaghatta	8	17	8	16

Chickballapur	16	32	12	18
Gudibanda	5	10	5	10
Bagepalli	22	42	12	28
Goribidnore	8	13	8	13
Chintamani	3	6	3	6
Total	108	219	85	165

Thus there is a decrease of 23 outposts and 54 Sowties. The Deputy Commissioner has proposed a pay of Rs.4 each per mensem to the 4 Sowties to be employed at the Santapalli Ghat and Kaypalliguddi outposts in the Srinivasapur Range. With reference to these outposts the Deputy Commissioner says that they are on the frontier amidst

Royalpad

Koyalpad State Forest
on the road to Madana-
palle and that the rate
of pay proposed for them
viz. Rs 4/- should be —
sanctioned as a special
case.

But a rate of only
2 Rs. each has been propo-
sed in the statement.

With regard to the —
Scheme the Deputy —
Commissioner states
as follows:—

" I have given my
"careful Consideration
" to the scheme. The latter,
" if sanctioned, will, I
" think, under judicious
" and careful manage-
" ment fully answer the
" purpose.

" The

" The Okkadas now
" proposed are on special
" roads and ghats which
" from experience are known
" to be exposed to the
" inroads of the Criminal
" Classes and some of
" these Okkadas are
" even now being watched
" by village Servants
" perfunctorily under the
" hope of being paid, when
" the scheme is sanctioned.
" Even these few will —
" Strike work unless we
" make it attractive
" by granting allowances
" or otherwise our
" Policemen will be left
" to watch the highroads
" and ghats in places
" into which the scheme
may not be introduced,

un-

"unaided by village —
servants which
"is simply impossible, Con-
"sidering the small force
"attached to each Taluk.
"The duty of keeping night
"watch at the roadside
"Ookkadas and ghats is
"no easy task and can-
"not be expected to be
"performed by village
"watchmen any longer
"without special remu-
"neration. It may not
"be out of place to —
"state here that before
"the temporary allowance
"of Rs 3/- was sanctioned,
"they used to do the work
"very perfunctorily seldom
"leaving their homes until
"a Constable went to their
village

Village and insisted upon their turning out.

" The systematic watching of the roads initiated in the late scarcity has materially checked the commission of offences such as highway robberies and dacoities.

" Under these circumstances, I am of opinion that it is absolutely desirable to introduce the scheme wholesale into all the Talukas of this District".

III Tumkur District.

The Deputy Commissioner, Tumkur, has forwarded a proposal for the establishment

-blishment of 51 outposts
with 101 Sotias and Salaries
for watching them; whereas
68 outposts and 120 Sotias
and Salaries had been
proposed by him in 1893.
He explains the discrepancy
in the number by stating
that "only the most im-
"portant Dokkadas or
"outposts which are —
"urgently required have
"been entered;" and that
"most of these outposts
"are situated on the road
"side and on the frontiers
"of his District".

With regard to the intro-
duction of the scheme he
states as follows:—

"The Dokkads or out-
"posts shown in the state-
-ment

-ment are known to be exposed to the inroads of the Criminal Classes and as grave crimes have often been committed in the Country Commanded by these outposts, it is necessary that the Scheme should be brought into effect Simultaneously in respect of all the outposts".

Out of the 51 outposts now proposed by the Deputy Commissioner Tumkur, 45 are old ones and are found in the map forwarded to the Chief Secretary with the Scheme. 4* outposts in the Chick-

* Of these, the 4 outposts in the Chickmaglur Taluk and one in the Gubbi Taluk are in place of old ones in the same Taluk and the outpost in the Gubbi Taluk is a new one.

Chicknaickenhully Taluk, one in the Kunigal Taluk and one in the Gubbi Taluk are new ones and are not therefore found in the map.

IV Mysore District.

The Deputy Commissioner, Mysore, has submitted a statement shewing 32 outposts and 32 Ties. He states that the measure may be introduced throughout the whole of his District as when it was tried in 1892 it worked satisfactorily. All these outposts are found in the map.

V French Rocks Sub Division.

The Sub Division Officer,

French Rocks, has submitted proposals for the establishment of 35 outposts with 70 Lotias. His former proposal was for 34 outposts with 68 Lotias. Out of these 35 outposts, 30 outposts are found in the map and of the remaining 5 outposts, 4 are in place of old ones and 1 is a new outpost. With regard to the pay of the Lotias, he says that — their pay should be — Rs. 5/- and 6/- per month. Rs 5/- should be given to persons whose villages are near the outposts and Rs. 6/- to those — whose villages are far

from

from the outposts. He further states that a paltry sum of Rs. 3/- per month will not attract people to accept the appointment because they earn on an average 4 or 5 annas a day and thus not less than Rs. 7/8/0 per month. He suggests that they should be liberally paid at the rates of Rs 5/- and Rs 6/- per month.

VI. Hassan Districh.

The Deputy Commissioner, Hassan, has now submitted a statement showing 30 Dokkads and 60 Talies for his Districh. The same number was proposed by him in 1893.

1893.

In his letter No. 84 of the 17th August 1895, the Deputy Commissioner reports as follows:—

"All the roads in the "District, excepting "malnad portions, have "been provided with "Dokkads according to "their importance. The "difficulty of getting "men for ~~Rs~~ 3 a month "has already been "experienced. The "Amildars have suggested "the rate of pay to be "increased to Rupees "5 and 6; but I pro- "pose an average pay "of ~~Rs~~. 4/-. At this rate, "the total amount would

"would be ~~Rs.~~ 2880 per year
"for the whole District for
"60 men now proposed to be
"employed. This is not much
"Considering the great —
"additional security and
"advantages expected by
"the introduction of the —
"Scheme. If Government
"are not prepared to sanc-
"tion the above sum, then
"the scheme may be tried
"on some selected roads
"and Railway feeders
"only.

"The watchers should
"be provided with spears
"and uniforms by Govern-
"ment. Arrangements will
"be made to have small
"huts Constructed on the
"roads for the use of the
"men.

VII

VII Shemoga District.

The Deputy Commissioner Shemoga, has submitted proposals for the establishment of 51 Dokkads. In his former proposal only 26 Dokads were proposed. This increase in the number is accounted for by the fact that in his former proposal such Dokads were proposed for the Honnali, Shikarpur and Sorab Talugs and Kumsi Subdivision, whereas in the present proposal all the Taluks are represented except Shemagiri which the Deputy Commissioner says does not require any outpost. The increase is

is exhibited in the following tabular form.

	Former proposal Outposts & Talaries	Present proposal Outposts & Talaries
Shemoga	Nil —	3 ... 3
Kumsi	1 ... 3 —	4 ... 8
Honnalli	10 ... 23 —	5 ... 5
Shikarpur	8 ... 17 —	18 ... 36
Sorab	7 ... 16 —	15 ... 15
Sagar	Nil —	2 ... 4
Nagar	Nil —	2 ... 2
Thirthahalli	Nil —	2 ... 4
Total	26 ... 59 —	51 ... 77

Thus there is an increase of 25 outposts and 18 Talaries in the present proposals.

The Deputy Commissioner has proposed a pay of ~~Rs~~ Rs. 3/- per mensem to each Talari to be employed in the Shemoga and

and Honnali Taluks
and Kumsi Subtaluq
and Rs. 4/- to each Talari
to be employed in other
Taluks. But a pay of Rs 2/-
to each Doti all round
has been proposed in the
Consolidated State-
ment ~~in~~ ... submitted
to Government.

In addition to the
number of Dotis and
Salaries proposed for
each Coted, the Deputy
Commissioner has
proposed certain
Constables also. The
number of Constables
comes to 107 at Rs 7/- each.
This number of Consta-
bles does not find a
place in the proposal
for

for permanent remunera-
-tion of Jodies and Talairs
to be submitted to Govern-
ment.

In his letter the Deputy
Commissioner says as —
follows: ——

" In the Malnad, Joti
"and Talari establishment
" is not an usual appendage
" to a village as in the —
" maidan Taluks and such
" men have therefore to be
" imported from the villages
" in the neighbourhood
" where they may be avail-
" able, without touching
" upon the requirements of
" those villages. × × ×.

" It will be seen
" from the Statement D
" that the villages which
Con-

"Contributé Lolies are
" at Considerable distances
" from the Okads and
" that the numbers selec-
" ted and employed are
" only 1 or 2. These have
" to aid the Constables
" stationed at the Okads,
" by turns, in watching
" as it is not possible
" from paucity of num-
" bers and from the
" distance at which the
" villages are situated
" to turn out en masse
" at all times except
" on any emergency such
" as a raid or an inroad
" by gangs."

In support of the Scheme now submitted by him, the Deputy Commissioner reports as

Note. The Deputy Commissioner's proposal is not practicable as the Constables proposed by him for each Okad have not been included in this scheme.

follows:—

"As regards the frontiers,
" I would deprecate —
" any gradual introduc-
" tion. All the passes are
" important and steps
" must be taken at once to
" protect them all. It may
" be perhaps different in the
" Maidan Districts where
" villages are not far from
" one another and the —
" village Talaries and
" Tolies or members of
" the family having an
" interest in the emolu-
" ments of these offices
" are available in large
" numbers for emergent
" calls, the scheme may,
" perhaps, be gradually
" introduced. But the

case

"Contribute Police are
"at Considerable distances
from the Okads and
"that the number selec-
"ted and employed are
"only 1 or 2. These have
"to aid the Constables
"stationed at the Okads,
"by turns, in watching
"as it is not possible
"from paucity of num-
"bers and from the
"distance at which the
"villages are situated
"to turn out en masse
"at all times except
"on any emergency such
"as a raid or an inroad
"by gangs."

In support of the
Scheme now submitted
by him, the Deputy Com-
missioner reports as

Note. The Deputy Commis-
sioner's proposal is not
practicable as the Con-
stables proposed by
him for each Okad
have not been included
in this scheme.

Case of Shemoga is
different. Its outlying
" Taluks are very im-
" portant, yielding large
" revenues to the State.
" They lie in close proximity
" to British Territories
" which Contain the homes
" of the predatory —
" Pindaris and Mahrattas
" and other professional
" gangs. There is heavy
" trade in these parts
" in Supari and other
" valuable Commodities
" in the hot weather
" and as it is difficult
" to get help from the
" Head Quarters or the
" neighbouring Taluks in
" time, it is desirable
" to organize all the —
" that Stations at once.
" If, however, the Inspector

General of Police should
on grounds of economy
& Considerations of the
Scheme for employment
of Salaries being new
in these parts, desire a
gradual introduction,
some of the less impor-
tant passes along the
line may be omitted
for the present. But
such a course will not
admit of a proper
testing of the results
of this experiment.

" In addition to
Shemoga being a
troublesome District
to manage and Crime
being heavy, travelling
especially in the malnad
tracts

" tracks is not easy and
cannot be done with
that celerity which
is possible in a —
" maidan tract. I —
think therefore that
it is not quite prac-
" ticable for a single
officer to thoroughly
supervise Police opera-
tions in it. x x x x.
" Moreover the intro-
duction of the Okada
Scheme will add
considerably to the
work of supervision.
" To keep the men at
" their post and ensure
" success it will be
" necessary for a —
" Superior Officer himself
to patrol the frontier
frequently.

" For

" For these reasons, it
" seems desirable that
" a Police Probationer
" should be assigned to
" this District who may
" have his Head Quarters
" at Sagar and work
" in direct subordination
" to the District Police
" Officer".

VIII. Kadur District.

The Deputy Commissioner, Kadur, has now submitted proposals for the establishment of 18 outposts with 37 Lotis to watch them. In his former proposal 17 outposts were included but now an additional outpost at Kaphalli with 3 Lotis has been proposed. He proposes that

that the pay of a Soti in the maidan part of the District should be Rs 5/- per mensem and that of a Soti in the malnad part should be Rs 7/-. He reports that "even this, the Assistant "Superintendent of Police "apprehends will not "attract men in the "malnad who are "generally averse to "being restricted to work "of a particular kind".

With regard to the introduction of the Scheme, the Deputy Commissioner says that it would be better to establish outposts

outposts all over the
District on special
roads and ghats which
are Centres of Crime
and not to restrict
them to selected Taluks.

IX. Chitaldrug District.

The Deputy Commissioner, Chitaldrug,
has now submitted
proposals for opening
71 outposts with 120
Sowties instead of 76
outposts and 126
Sowties proposed by
him in 1893. The other
5 outposts, he says,
had been omitted as
3 of them were simul-

Tancous

-taneously entered
in two Taluks and
as the other 2 are
regular Police Outposts.

With regard to
the introduction
of the Scheme, he
says as follows:—

" The Ghats or
" Dokads proposed
" are to be located
" at isolated places
" on high roads and
" thoroughfares for the
" safety of travellers
" and require to be
" watched by Police.
" The temporary ar-

approving of the D. General's proposal called for full particulars as regards the number of outposts, number of men to be employed and the remuneration proposed.

The Inspector General in his letter No. 1581/159 of 4 Nov. 1895 has now submitted the necessary detailed statements. It is proposed to start the Rates and Salaries on a pay of Rs. 2/- per month leaving it to the Ds Commissioners to propose higher rates in particular localities should the circumstances of the locality demand an increased rate of pay. The pay proposed is extremely moderate, but the Govt trust that the hereditary character attached,

attached to the office will make it sufficiently attractive and secure the willing service of the employes. 466 outposts are proposed to be created and the cost will thus amount to as per marginal note Rs 19,656. The proposal is sanctioned tentatively for two years at the end of which the I.G. of Police may submit the scheme for permanent sanction with such modifications as experience may suggest.

The Inspector General is requested to submit a statement ~~at his early convenience~~ of the settlement as effected in each Taluk.

FROM

THE INSPECTOR GENERAL OF POLICE

To

THE GENERAL SECRETARY TO THE
GOVERNMENT OF MYSORE.

SIR,

With reference to Government Proceedings No. D 378 of the 23rd April 1892 and No. D 9989-98 J. 556-92 of the 1st December 1892 sanctioning, as a measure of relief to village servants, the temporary employment of 60 Peons and Talaries to patrol important Cart roads in the Hassan District at a monthly remuneration of Rs. 3/- per man from the 1st April 1892 up to the 31st March 1893, I have the honor to report as follows:—

2. No Peons were employed in the Hassan Taluk from April 1892 to March 1893 the period covered by Government sanction, but 2 Peons were employed by the Amildar of Hassan from the 14th April 1893. This was sanctioned by Mr. Knight, Superintendent of Police, in his No. 1082 of the 12th May 1893. Their services were dispensed with in January 1894 on the Treasury Officer refusing to pass their pay. The pay of the men, viz Rs. 57-3-2 has been fully disbursed to them, but remains to be adjusted.

3. In the Arsikere Taluk, 2 watchers were employed on the

10th

10th September 1892, 2 on the 18th, 2 on the 20th and 2 on the 24th idem, and their pay up to the end of March 1893 amounting to Rs. 154-6-4 was duly disbursed to them. These 8 watchers were, however, continued beyond the period of sanction under the authority of the original order A°. 1079 of the 12th May 1892 issued by the Superintendent of Police, Mr. Knight in which no period was specified. They were discontinued as per order A°. 1272 of the 17th November 1893 issued by Mr. Chengiah Chetty, but 2 of them were re-entertained subsequently from 20th December 1893 under the verbal orders of Mr. Chengiah Chetty. Their services again were dispensed with in March 1894 under order A°. 2069 without date issued by Mr. Chengiah Chetty directing their discontinuance and the stoppage of their pay from January 1894 as the men had not done their work properly. The pay of the 8 men from April to November 1893 and of 2 men from the 20th to the end of December 1893 amounts to Rs. 193-8-6 deducting forfeitures. Of this sum Rs. 143-3-4 have been paid and Rs. 50-5-2 have yet to be paid.

Enlisons responsibility

4. No watchers were employed in the Belur and Manjarabad Taluks.

5. It will thus be seen that a charge of Rs. 154-6-4 was regularly and correctly incurred against a sanction of Rs. 1872+96=1968 (vide Government Proceedings Nos. D 378 dated 23-4-92 and D 9989-98 J. 356-92 dated 11-12-92) and that certain Sotiés were employed after the expiry of sanction in the Hassan and Arsikere Taluks and unauthorized charges to the extent of Rs. 244-11-8 were thereby incurred. Of this amount, Rs. 194-6-6 have already been disbursed and Rs. 50-5-2 still remains to be paid.

6. The accompanying office memo explains how the District authorities failed to grasp the question at issue and how they made mistakes as to facts and figures which necessitated a long correspondence. In fact the matter was incidentally brought to my notice in January 1894 when the Deputy Commissioner sent up proposals for the permanent remuneration of Sotiés and Talaries and pointed out the irregularity, whereupon the services of the men were dispensed with. I regret the delay in making this reference,

reference, and, as will be seen from the correspondence of which a precis is given in the Memo, it was due solely to the carelessness of the District authorities.

7. The District and Taluk officers exceeded their authority in having incurred the expenditure without obtaining previous sanction, but as they did so under a misapprehension that the sanction conveyed by Government was still in force and as the men were actually employed in patrolling high roads at night and are reported to have done good work, I beg that Government may be pleased to pass the unauthorized expenditure of Rs. 244—11—8 which is well within the money limit sanctioned in the Proceedings above quoted.

I have the honor to be,
Sir,
Your most obedient Servant,

H. Madhava Rao
Inspector General
of Police.

Memo

In Proceedings No. 378 of the 23rd April 1892, Government sanctioned the grant of remuneration at Rs. 3/- per man per mensem to 52 Sotiés and Talaries employed in the Hassan, Arsikere, Manjerabad and Belur Taluks - as a temporary measure, to take effect in the case of men actually doing duty from the 1st April 1892 and in the case of others from the date of appointment.

Again in Proceedings No. 9989-98 / J. 556-92 of the 11th December 1892 Government sanctioned the continuance of the allowance to the watchers up to the end of March 1893, and increased the number of watchers in the Hassan District from 52 to 60.

No. 340 dated 30-12-93 / 15-1-94 from Deputy Commissioner, Hassan.

On the number quoted in the margin, the Deputy Commissioner, Hassan, incidentally brought to the notice of this Office in submitting his proposals for the permanent remuneration of Sotiés and Talaries, that in Government Proceedings No. 9989-98 / J. 556-92 of the 11th December 1892, the allowance to Sotiés and Talaries at Rs. 3/- each was sanctioned up to the end of March 1893, that though these orders were communicated to the Hassan and Arsikere Taluks they failed to make timely application for the continuance of this allowance and that as 10 watchme

watchmen had been kept on for the safety of the roads noted in the margin, their allowance of Rs. 3/- per mensem may be sanctioned with retrospective effect from April 1892.

On this, the Deputy Commissioner was informed that retrospective effect could not be given to the allowance to the Cotics and Talaries in the Hassan and Arsikere Taluks.

On this, the Deputy Commissioner reported as follows:—

"In the Proceedings quoted in the margin "the Government Sanctioned the entertainment "of 52 watchmen in the District for night "patrol on high roads at Rs. 3/- per man per "mensem from April 1892 to March 1893, but only "10 men were employed on the important portions "of high roads viz Bangalore to Hassan, Hassan and Arsikere to Arsikere to Tiptur. On these roads, the "travellers and Cartmen used to be attacked now "and then by thieves and the employment of these "watchmen to help the regular Police has "minimized the number of Crimes on these roads "and ensured the safety of the travelling public. "Owing to the inadequacy of the present strength "of the Police Force, it is not possible to send "out any Constables to take their places. It "must, however, be admitted that the Amildars "should have made timely application and "obtained orders. But as payments have already "been made to these watchmen from April to "November 1893 and as it is very essential that "these watchmen should be re-entertained at "once for the safety of these roads where "traffic is very heavy, I request you will be "pleased

His office No. 305/159 dated 16-3-94.

In reply, the Deputy Commissioner was asked to dispense with the services of the 10 Jotiers employed in the Hassan and Arsikere Taluks if orders to that effect had not already been issued and was requested to submit the explanations of the Amildars concerned for failing to retrench the temporary establishment agreeably to the orders of Government.

Deputy Commissioner's No. 85 dated 25-8-94.

The Deputy Commissioner stated in reply that as there was difficulty in procuring men for Rs. 3/-, they were not employed during the whole of the year (1892-93). In April 1893, 10 men were, however, employed and they continued to work till the 26th February 1894 when their services were dispensed with. The Deputy Commissioner submitted the explanations of the Amildars of Hassan and Arsikere and requested that the amount of Rs. 240/- already disbursed from April to November 1893 and the amount viz Rs. 61-10-8 still to be disbursed up to the 26th February 1894 may be sanctioned as funds were available out of the amount of Rs. 2160/- sanctioned for 60 men in the year 1892.

His office No. 1190/55 dated 17-10-94.

On this, the Inspector General observed that the explanation of the Amildar of Hassan was unsatisfactory and that of the Amildar of Arsikere had not been scrutinized, that the papers submitted lead one to doubt if any orders were issued

to the Station House officers to employ the watchmen and that Jemedar Subbanna and Duffedar Vedantachar who are said to be responsible in some measure for the irregularity, had not been examined. The Assistant Superintendent of Police was requested to make a thorough enquiry into the matter and to send up a brief report on the matter explaining:—

(1) under what authority the Duffedar employed the watchmen,

(2) how their retention was continued longer than the period sanctioned

(3) and whether the watchmen did work for the entire period for which allowance was claimed.

The Deputy Commissioner was also requested to submit a bill giving the details of the amount requiring the sanction of Government and the periods to which they referred.

The Deputy Commissioner reported that the Assistant Superintendent of Police had since enquired into the matter in person and satisfied himself that 2 watchers viz Kariya and Dodda continued to patrol the Horahalli road between Belavathalli and Nagatihalli up to the 26th February 1894, that Duffedar Vedantachar was the station officer at Horahalli and Subbanna was the Jemedar at Arsikere, that the former explains that the services of these and other watchers were dispensed with from 28th November 1893 as per order No. 1221 of the 24th issued idemby the Assistant Superintendent Mr. Elengiah Chetty and that subsequently when that officer visited Horahalli on his way to Arsikere, the Duffedar represented to him the urgency of continuing the system of night watch for the safety of the said road, whereupon,

Deputy Commissioner's No. 345 dated 14-2-95.

verbal

verbal orders were given to him to employ 2 watche
again. At Arsikere, Jamedar Subbanna, it would
appear, made a similar representation with the
same result. Both the Jamedar and the Duffed
then re-employed the said watchers Karpa and
Dodda from the 20th December 1893 for the
patrol of the said road and they were continued
in service up to the 26th of February 1894.

Jamedar Subbanna is reported to have
stated that he did not employ the watchers. This
version, opposed as it is to that of the Duffedar,
does not appear to be true, for the written order
of Mr. Chengiah Chetty issued apparently in
February 1894 (for the order is not dated) shows
that he had given oral orders for the continuance
of the watchers and as such supports what the
Duffedar has stated.

Independent enquiries made by the present
Assistant Superintendent also show that the 2
watchers did continue in service up to 26th February
1894.

A sum of Rs. 61-10-8 remains yet to be
disbursed for the services rendered by the watchers
for different periods for which a bill was sub-
mitted by the Deputy Commissioner.

The Amildar and the Inspector who were then
in the Taluk are not now in service.

This office A/c. 2842/157 dated 18-3-95.

The Deputy Commissioner was then requested
to furnish clear explanation on the following point

(1) In docket A/c. 340 dated 30-12-93 the
Deputy Commissioner says that the Amildars of
Hassan and Arsikere have kept on 10 men and asks
for their pay being sanctioned from "April 1892"
leading one to believe that the men were employed
from April 1892, but as a fact the men were employ
after the period for which Government had sanctioned

an

an allowance had expired viz from April 1893 (vide Deputy Commissioner's docket No 85 dated 25th August 1894). In this docket again, the Deputy Commissioner is not explicit as to the number of men employed and up to what date. The inference would be that 10 men were employed in April 1893 up to 26th February 1894, Sanction being asked to the amount of Rs 240/- disbursed to the men from April to November 1893 and to Rs 61-10-8 still to be disbursed up to 26th February 1894. There is nothing to show under what circumstances the men were dispensed with in November 1893 and then re-employed up to 26th February 1894.

(2) In letter No 345 dated 14-2-95 the Deputy Commissioner states that only 2 men were continued from November 1893 up to the 26th February 1894. He also says in that letter that the services of the men were dispensed with as per order No 1221 dated 24-11-93 from the Assistant Superintendent. Where is this order and why was this not issued earlier? How does the Deputy Commissioner explain the subsequent re-entertainment of 2 watchers from the 20th December 1893 up to the 26th February 1894? Who discontinued the watching from 26th February 1894 and under whose orders and under what circumstances?

(3) In his letter No 345 dated 15-2-95 above referred to, the Deputy Commissioner submits for sanction a bill for Rs 61-10-8 being the arrears of pay due to night watchers in the Ahmednagar Taluk, while in his previous letter No 85 dated 25th August 1894, he applies for sanction for Rs 240/- being the pay of the men from April to November 1893 and for Rs 61-10-8 up to the 26th February 1894. The papers disclose

a

a loose system of carrying on correspondence.
The bill for the arrears of pay due to the men cannot
be submitted to Government without a clear
explanation on the points noted above.

(4). It has also to be explained how the
Treasury officer allowed payments to be made after
sanctioned period had expired and why objection w
not taken to the charge in the first month in
which it was incurred.

Deputy Commissioner's A/c 456 dated 23-4-95.

In reply, the Deputy Commissioner reported as
follows:—

"The Government in their Proceedings A/c
"D. 378 dated 23-4-92 sanctioned the employment
"of 52 Forties or Talaries in 13 Bokkads or outpost
"in this District to watch the high roads at Rs 3
"per man per onensem and in Proceedings A/c
"9789-98 dated 11-12-92, they increased the number
"1556-92
"of Forties to 60 and sanctioned the continuance
"of the allowance up to the end of March 1893. These
"orders were duly communicated to the Talukas for guida
"But it is reported that the then Inspector Mahome
"Jaffer Mekri of Arsikere does not appear to have
"communicated to the Station officers, the order of
"Government limiting the period of allowance, though
"Copy of the second Proceedings had been sent to hi
"As the period for which allowance was sanctioned
"extended up to the end of March 1893, any employ
"ment of watchers up to that period, cannot be
"called into question and be made the subject fo
"discussion. It is the subsequent employment
"and further payment on the score of urgency fo
"the safety of the Roads, that had to be specially
"brought to the notice of the Inspector General
"for sanction.

"The Talukas of Hassan and Arsikere kept

on

"on 10 men, the former 2 for the out post of
"Buruda Bore in the Bangalore-Mangalore road
"and the latter 8 for 4 out posts in the Hassan-
"Hornahalli and Arsikere-Bangalore roads and failed
"to make timely application for the continuance
"of the allowance. Sanction was therefore solicited
"in A°. 340 dated 30-12-93, for an allowance
"of Rs. 30/- at Rs. 3/- per man with retrospective
effect, i.e. from April 1893 whence the unauthorized
"retention and payment commenced. The office
"Copy of the docket shows that sanction was
"sought from April 1893 and not from "April 1892"
"as pointed out in the docket under reply.

"The 2 men of Hassan continued up to the
"end of December 1893 and their pay was dis-
"bursed in the Taluk Treasury and so the
"Hassan Taluk does not claim any arrears of
"pay due to them. These men are reported to
"have been discontinued from January 1894 as
"the Treasury withheld payment from that
"month (Report A°. 3394 dated 31-5-94).
"Mr. Chengiah Chetty had also issued an order
"calling for information whether the men had
"been dispensed with in time (order A°. 1336
"dated 28-11-93).

"The services of the 8 men of Arsikere
"were dispensed with on different dates in
"November and December as per Mr. Chengiah Chetty's
"order A°. 1272 dated 17-11-93 in reply to the
"Amildar's report upon a reference from the Taluk
"Treasury dated 8th idem intimating the orders
"of the officer in charge of the District Treasury
"to have the unauthorized payments refunded
"and to make no further payments without
"the sanction of the Comptroller.

"I

"The order and the reference from the Treasu
"are submitted and in this order Mr. Cheng
"Chetty questions the authority for the paymen
"made.

"The order No. 121 dated 24-11-93 mention
"in letter No. 345 as having been referred to
"Duffedar Vedantakar in his explanation, is
"order given to him by the Inspector to dispense
"the watchers based upon the said order of
"Mr. Chengiah Chetty. Thus the 8 men of Arrik
"were dispensed with upon the said order No. 12
"of Mr. Chengiah Chetty. The tone of the order
"shows that he did not know till then that th
"men were continued beyond the period sanction
"by Government.

"Two of these men appear to have been
"employed again as per verbal orders of
"Mr. Chengiah Chetty upon local representati
"for such urgency, for in his subsequent writte
"order No. 206 of no date, he says that these m
"not having been found on duty in the road at
"his inspection, should be dismissed and that th
"would not be entitled to any pay from the
"beginning of January meaning thereby from
"January 1894. He also says in that order tha
"men who are more attentive to their work may be
"selected for employment and their names report
"for sanction. This apparent inconsistency only
"shows the great anxiety he had for the safety of t
"roads and what urgency there was for the continuan
"of the watchers. The order was apparently issued
"on February 1894 for, the Amildar has made a
"shara upon it for issue of orders to the Police
"Department under date 22nd February 1894.

"Upon this order, the 2 men appear to have been

"dismissed

"dispensed with as may be seen from the Inspector's share and the Jemedar's report on the back. These men are reported to have worked from the 20th December 1893 to 26th February 1894.

"It may be said that Mr. Chengiah Chetty in setting the Taluk officers right, has committed the same mistake, but as stated above, after satisfying himself on the spot as to the necessity of continuing 2 watchers, he passed verbal orders for their re-employment and such retention overtime was reported to the Inspector General in the said docket No. 340 dated 30-12-93.

"The 8 men of Arrikere are reported to have drawn their pay up to the end of September 1893. The pay for the remaining period of their service was not disbursed as the Treasury objected as above stated and their services were ordered to be dispensed with by Mr. Chengiah Chetty. The arrears pay due to them and the pay of the 2 men who worked from 20th December 1893 to the 26th February 1894 amount to Rs. 61-10-8. The 2 men of Hassan are reported to have been paid in full up to the end of December 1893. Thus both Hassan and Arrikere have made unauthorized payments, the former for 2 men from April to December 1893 and the latter for 8 men from April to September 1893, and for what remains to be paid in Arrikere viz. Rs. 61-10-8, the said bill was submitted. The sum of Rs. 240/- for which sanction was solicited in docket No. 85 dated 25th April 1894 is the actual payment made on the 2 Taluks to 10 men for 8 months at Rs. 3/- per man and not what remained to be paid. The bill submitted with No. 345 refers only to the amount viz Rs. 61-10-8 still to be disbursed in Arrikere. Thus it will

"be seen that the items are different and there is no
"inconsistency between the two.

"The officer in charge of the District Treasury sta
"that as no intimation had been received from the
"Comptroller upon the Second Proceedings of Govern-
"ment limiting the period up to the end of March
"1893, the same was not communicated to Taluks.
"Subsequently upon 2 objection statements for June
"and July received from that officer, he wrote to th
"Amildar of Arsikere twice to recover the payment
"made in those months and stop further payments.
"But these communications were addressed in
"November 1893 and January 1894 respectively. The
"Amildar wrote back in reply in February 1894 an
"said that as no orders had been received to the
"contrary, payments had been made to the men. The
"Treasury officer thereupon represented to the Deputy
"Commissioner that it was hard for the poor men
"to refund the amount they had received and
"suggested that sanction of Government be obtained
"for the unauthorised payments made. Accordingly th
"matter was brought to the notice of the Inspector
"General and sanction solicited in docket of 30
"dated 30-12-93.

"The Amildar and one of the Inspectors who were
"in Arsikere at the time and who were responsible
"for this confusion are not in Service at present. The
"other Inspector Mahomed Jaffer Bekri is not in the
"District.

"The retention of the men beyond the time
"allowed was, it may be seen, absolutely necessary
"for the safety of the roads and the prevention of
"Crime and the men have actually worked until they
"were dispensed with. I would, under the
"circumstances, solicit that sanction of Government
"may be kindly obtained for the bill submitted

"For

"for arrears of pay as also the unauthorized payments
"made in Hassan and Arsikere as above stated.

"In conclusion, I beg to represent that the full
"establishment was not entertained to the extent
"sanctioned. There was therefore, a large unexpended
"balance. It was only in very few select places
"which were considered very unsafe, that the
"establishment was maintained later than the
"prescribed date. In the first place, it was believed,
"that there would be no difficulty in payment in
"as much as the amount sanctioned was not exceeded.
"In the second place, there was every expectation of
"the establishment being made permanent from
"the tenor of previous correspondence and expressed
"views and recommendations to Government of the
"Inspector General. The Assistant Superintendent
"of Police seems, under the circumstances, to have
"not been very stringent in giving immediate effect
"to the order discontinuing the establishment".

On this letter, the Deputy Commissioner was requested to furnish clear information on the following points.— This office No. 283/26 dated 17-7-95.

(1) What was the number of watchers actually employed from April 1892 upto end of March 1893 in each of the 4 Taluks, Hassan, Arsikere, Manjerabad and Belur in which they were sanctioned?

(2) What was the amount expended on account of remuneration to these men during the said period?

(3) What was the balance available at the end of March 1893 out of the amount sanctioned in Government Proceedings Nos. D. 378 dated 23-4-92 and 9989-98/J.556-92 dated 11-2-92?

(4) What establishment was continued, when and where, after the end of March 1893? Under whose orders? (written order to be quoted and name of the officer to be given).

(5) When was the establishment mentioned in (4) discontinued, and under whose orders? (Name of the officer to be given and order to be quoted).

(6) What establishment was again re-entertained by whom (Name of officer and order to be quoted) and for what period and when was it discontinued and by whose orders?

(7) What amount has to be sanctioned (in each Taluk area) for establishment continued or entertained after the end of March 1893? How much has been paid in each of the Talukes and what is the amount that remains to be paid in each Taluk?

(8) A consolidated bill for amounts in para (7) should be sent showing the amount disbursed and that to be disbursed separately.

Deputy-Commissioner's A:- 197 dated 5-11-95.

To the above, the Deputy-Commissioner replies as follows:—

(1) Hassan. No watchers were employed from April 1892 up to end of March 1893.

Arsikere. Two were employed from 10th September two from the 18th, two from the 20th and two from the 24th September 1892 up to end of March 1893.

Manjerabad and Belur. None were employed.

(2) The amount expended at Arsikere on account of remuneration during the said period is Rs. 154-6-

(3) The amount sanctioned by Government Proceedings A:- D 378 dated 23-4-92 for 52 Sotias at Rs. 3/- per man up to end of March 1893 was Rs. 1872—·—·

Amount sanctioned by Government Proceedings A:- 2989-98 J. 556-92 dated 11-12-92 for 8 Sotias extra up to the end of March 1893 was Rs. 96—·—·

Total Rs. 1968—·—·

Deducting the amount expended at Arsikere 154—6—4

There is still a balance of Rs. 1813-9-8 available at the end of March 1893

(4) Hassan. Two watchers were employed by the Amildar of Hassan in the Bangalore-Mangalore Road near Boorahal Bore from 14th April 1893 to 31st March 1893 under the authority of order No. 1082 dated 12th May 1893 issued by the then Superintendent of Police Mr. Knight. The above order did not specify that the watchers should be discontinued from and after the 31st March 1893.

Arsikere. The 8 watchers employed on the dates mentioned in para (1) in the Arsikere-Hassan and Bangalore-Shimoga roads were continued after the end of March 1893 as per original order No. 1079 dated 12th May 1892 also issued by the then Superintendent Mr. Knight to the same effect.

(5) Hassan. Discontinued in January 1894 as the Treasury objected to disburse the pay of the men.

Arsikere. The men were discontinued as per order No. 1272 dated 17th November 1893 issued by Assistant Superintendent Mr. Lakengiah Chetty referring to the Government Proceedings sanctioning the scheme and questioning the authority to pay the men after March 1893.

(6) Hassan. None re-entertained.

Arsikere. 2 watchers were employed in the Hassan-Arsikere road from 20th December 1893 as per verbal orders of Assistant Superintendent Mr. Lakengiah Chetty.

Their Services were dispensed with in March 1894 as per order No. 2069 without date issued by Mr. Lakengiah Chetty directing their discontinuance and the stoppage of their pay from January 1894 as the men did not work properly.

(7) Hassan. Amount to be sanctioned for establishment entertained after the end of March 1893 is Rs. 51-3-2. This amount has been fully disbursed but remains to be adjusted.

Arsikere.

Arsikere. Amount to be sanctioned from April to end of November 1893 to 8 watchers and from 20th to end of December 1893 to 2 watchers deducting forfeitures is Rs. 193-8-6. Of this amount Rs. 143-3-4 has been disbursed to 8 men from April to September 1893 but not adjusted in the accounts and Rs. 50-5-2 being the pay for October and November 1893 of 8 men and the pay from the 20th to the end of December 1893 of 2 men remain to be paid.

(8). The Deputy Commissioner submitted the following bill.

Taluk.	Amount to be sanctioned.	Amount already disbursed.	Amount to be disbursed
Arsikere.	Rs. 193-8-6.	Rs. 143-3-4.	Rs. 50-5-2.
Hassan	Rs. 51-3-2	Rs. 51-3-2	Rs. 0-0-0
Total	Rs. 244-11-8	Rs. 194-6-6	Rs. 50-5-2.

Letter No. 2108/226 dt 1 Dec. 1895 from the Dy. Supt. General of Police, Mysore requesting sanction to the payment of Rs. 244-11-8 being remuneration due to 7 Talaris employed in the Hassan district during the period of Govt. census.

Order thereon.

In No. S. 378 dt 23 April 1892, sanction was accorded to the entertainment of 52 Toties and Talaris at Rs. 3/- each for the Hassan Dt. with effect from 1st April. Subsequently, in Pro. No. 9989-556-9 dt 11 Dec. 1892, there continuance of the above was sanctioned

sanctions up to the end of March 1893.

On the 14 April 1893 2 Lotis were employed by the Amildar of Hassan on his own authority, and were suffered to continue ~~in office~~ till January 1894. The pay ~~of~~ due to the men ~~thus employed~~ amounted to Rs 51-3-2.

3 In the Arsikere Taluk, 8 watchers were continued in office ~~after~~ beyond the period of Govt sanction till the 17 Nov 1893; and again 2 of them were re-entertained on the verbal orders of the Chemical ~~Assistant~~ Chelly on the 20 Dec 1893, ~~and were allowed to serve~~ ~~on~~ till March 1894. Their pay ~~of the men thus employed~~ amounted to

to Rc 193-8-6.

4 How the amount of Rs-244-11-8 for which the sanction is now requested ~~to the~~ of the Govt fraudulently ~~to~~ of Rs 244-11-8, which letter ~~re ad above~~, was incurred without due authority and through the irregularities above noticed; and immediate steps were not taken for the adjustment of the charges even after the Comptroller objected to pass the bills.

~~The Government regret~~ the irregularities and observe that both the District and Salik authorities are to blame for retaining the men after the expiry of the Govt sanction without applying for fresh sanction. The whole correspondence discloses want of proper check and supervision on

4.

No such strokes have been entertained or continued without the previous sanction of the Govt.; even if their retention was necessitated by the demands of public safety, the Commanding officer has duly reported the matter to Govt. for orders and the delay in which has taken place in the matter of the adjustment of the charges is unavoidable.

Genl & Rev: Depts:

With reference to Government Proceedings No. 7160-9/J.796 dated 20th December 1895 sanctioning tentatively for a period of 2 years, the permanent remuneration of Sotics and Salaries employed in watching Cokkads and outposts, I have the honor to forward herewith extract of docket No. 674 of the 6th June 1896 from the Deputy Commissioner, Shimoga,

Revenue Sericulture 34 vol.

submitting a report regarding the settlement of the scheme effected in his District and to state that the cokkads are proposed to be located where they are most needed. The frontier cokkads are likely to prove effective barriers against the incursions of the criminal gangs from beyond the Mysore boundary.

2. The proposal of the Deputy Commissioner to man the cokkads in the Sagar Taluk by Halepaiks has my entire concurrence. As remarked by the Deputy Commissioner this measure will lead gradually to the introduction of the system of village servants in these parts where it does not now exist. The proposal involves an annual increase of Rs 48/-

over the figure first sanctioned by Government in Proceedings No. 7160-9 / J. 796 dated 20th December 1895 above quoted, but as the system does not exist in the Malnad and as no hereditary village servants are available, the allowance of Rs 3 per man now recommended is not excessive and I accordingly beg that Government may be pleased to sanction the increase proposed. A proposition statement is herein enclosed.

3. A separate reference will be made regarding the additional Police wanted for three of the most important Sokkads referred to in para 6 of the Deputy Commissioner's docket.

I have the honor to be

Sir

Your most obedient servant

No. 674

From,

The Deputy Commissioner,
Shimoga District.

To,

The Inspector General of Police,
in Mysore.

Dated $\frac{6}{13}$ June 1896.

Inspector General's No. $\frac{3282}{252}$ and $\frac{3672}{270}$ dated 9th April 1896 and 22nd May 1896 respectively calling for the submission of a revised statement of the settlement of the frontier Ukkads manned by Talaries and Toties and $\frac{3762}{169}$ dated 28th May 1896 calling for the submission of an explanatory map.

× × ×

2. The number of Ukkads and the number of Talars sanctioned for them in the Proceedings of Government No. $\frac{7160}{196}$ 9 J dated the 20th December 1895 is 51 and 77 respectively as shewn below:-

Taluk	Number of Ukkads	Number of Talars or Toties	Rate of pay	Pay per month	Pay per year
Shikarpur	18	36	Rs 2	Rs 72	Rs 864
Sorab	15	15	"	" 30	" 360
Sagar	2	4	"	" 8	" 96
Nagar	2	2	"	" 4	" 48
Tirthalli	2	4	"	" 8	" 96
Honnali	5	5	"	" 10	" 120
Koomsi	4	8	"	" 16	" 192
Shimoga	3	3	"	" 6	" 72
Total	51	77	Rs 2	154	" 1848

3. Of the 15 Ukkads sanctioned for the Sorab Taluk, Talars are available for 11 and for the remaining 4 other class men such as Halepaiks having agreed to work for the proposed remuneration these have been employed. These will be enlisted as Talars and be very useful to the villages in other respects.

4. In the Sagar Taluk no Talars or Toties are available but other men such as Halepaiks and Holeyas are willing to work at both Ukkads if they are

paid Rs 3 a month. The Amildar recom-
-mends the higher rate of pay and the
Deputy Commissioner availing himself
of the permission granted in the Govern
-ment Proceedings quoted in para 2,
"to propose higher rates in particular
"localities should the circumstance of
"the locality demand an increased rate
"of pay," solicits sanction to the men
being paid at Rupees 3 per month con-
-sidering the paucity of men who will
take up this sort of work and the malnad
nature of the country. Here also this
will afford an opportunity of introducing
Talars in this part of the country.

5. Thus with the exception of the 6
Ukkads viz 4 in Sorab and 2 in Sagar
all the rest have been manned by
Talaries or Totis.

6. The Kanvés of Tirthal, Aga-
-sanhalli and Sirigere in the Shikarpur,
Sorab and the Koonsi Taluks being
very important ones and invariably
used by robber gangs, have been
recommended for stationing constables
in addition to Talaries and application

made in this office letter No. 624 dated 7-4-1896 for 3 constables for each of these ukkads and for 1 Duffedar and 1 constable for frontier patrol duty. Early supply of this force from Bangalore or sanction to their entertainment here is solicited.

No. 406
Enclosure No. 1

Requesting that Rs. 4/- a month more may be sanctioned towards the pay of the two men at the Ghantapalli ookad, Kolar Dist., as the men at that very difficult pass have been getting 4 Rs. each ever since 1889 when this ookad came into existence.

Under Secy.

In one of the ookads in the Kolar District, owing to the difficulty of getting men on 2 Rs, two men have been employed on 4 Rs each - The Police mention another ookad of watchmen also referred. Hence the Inspr. General proposes that both the circumstances represented may be considered - He recommends that Rs 4- be sanctioned

Enc. One

FROM

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMEN

SIR,

With reference to Government Proceedings No. 7160-9/J. 796 of the 20th November 1895 sanctioning the permanent remuneration of Jodies and Talaries employed in watching Bokkads and outposts tentatively for a period of 2 years, I have the honor to forward herewith, copy of letter No. 204 of the 12th December 1896 from the Deputy Commissioner, Kolar,

submitting a report of the Talukwar settlement of the scheme effected in that District. It will be noted that 85 cokkads with 165 Cooties and Salaries costing Rs 330 per mensem or Rs 3960 per annum were sanctioned by Government. Of these, 84 cokkads with 163 Cooties and Salaries costing the same amount viz Rs 330, were opened and they are now working. One cokkad with 2 Cooties has not been opened in the Srinivasapur Sub Talak, as the pay of these 2 men viz Rs 4 has been utilised in paying the 2 Cooties employed at the Ghantapalli ghat cokkad in the same Sub Talak at Rs 4 per man per month. This Ghantapalli ghat is a difficult pass on the Madanapalli road running through the Royalpad

-forest and has been in existence from 1889, two Bedar watchers having been employed in the ookkad at Rs 4 per month.

2. The special rate of pay of Rs 4 per man hitherto paid was proposed by the Deputy Commissioner in his original proposal, but in sending it up to Government this Office through inadvertence recommended only Rs 2 as for the other ookkads.

3. The Deputy Commissioner recommends that a special rate of pay at Rs 4 per month may be sanctioned to each of the two watchmen employed at the Ghantepally ghat ookkad, the additional cost involved thereby being only Rs 4 per mensem or Rs 48 per annum, so as to enable him to open the other

Okkad at Kaggepally the pay of
whose watchers is now utilised
for the Ghantepally ghat Okkad
as above explained. I therefore
request that Government may be
pleased to sanction the grant of
Rs 4 per mensem or Rs 48 per
annum, as an addition to the
amount, viz Rs 3960 already sanc
-tioned for the Kolar District.

Kolar District Police Office

Dated 12th December 1896
Despatched 13th December 1896.

From

The Deputy Commissioner,
Kolar District.

To

The Inspector General
of Police in Mysore

Sir,

Your No. 3870/348 dated 12th June 1896 and subsequent reminders.

I have the honour to submit herewith a statement of Talukwar Settlement of Ukkadas manned by Jotis and Talaries revised as per instructions received from time to time.

2. Comparing the Statement now Submitted with that furnished with

with this office No 82 of 30th August 1895, the following Changes will be observable and these were made on the recommendation of local authorities from Subsequent experience.

3. The Bowringpett Taluk Moottu Kadamaranda Ukkada has been opened on the Bowringpett-Kolar Road in place of the Malleswara Ghat Ukkad.

4 In the Malur Taluk two Ukkads have been opened on the Malur-Hosoor Road instead of Achatnahally and Kudyanur Ukkads.

5. In the Sidlghatta Taluk Racha-hally Ukkad on the newly opened Chintamani-Chelur Road and Gelve Ukkad on the Chintamani-Bagepally Road have been Substituted for Hongenhally and Kallahally Ukkads.

6. In the Bagepally Taluk Bangaramanna ghatti Ukkada has been substituted for Reddisaru ghat Ukkad and new Ukkad of Thangepally has been opened at the frontier on the Bangalore - Bellary Road in place of Bommadevu ghat Ukkad of Gudibundé Range of this Taluk.

7. In the Srinivaspur Range Magadumsabi Ukkad has been put in lieu of Kanampully Ukk and Kaggepally Ukkada ha not been opened pending the Settlement of the question of pa for the two men at the Gantapal ghat Ukkad - These men wer being paid for years at Rs 4/- a month as per Inspector - General's docket No. 2200/227 of 10th January 1889 on the re - -Commendati

-Commendation of the Deputy —
Commissioner in his docket
No. 437 of 27th December 1888 re-
-questing Sanction to the enter-
-tainment of 2 Baider Watchmen
at Rs4/- a month.

8 It was found that men
Could not be had for lower
pay to keep watch at that difficult
ghat and a Special pay of Rs4/-
was therefore recommended for
that ghat in this Office No. 82 of
30th August 1895, but the Govern-
-ment having Sanctioned the
uniform rate of 2 Rs a man, it
was Considered advisable not to
Open the Ukkad at Kaggepally
till the question of pay for the
Gantapally men is finally settled
So as to keep the expenditure

within the Sanctioned Amount.

9. The Talukwar Settlement of the Ukkads opened stands as follows when Compared with those Sanctioned.

No	Taluks	Sanctioned			Opened			
		No of Ukkads	No of Oxen	Amount	No of Ukkads	No of Oxen	Amount	
1	Kolar	9	18	36	9	18	36	
2	Bowringpett	8	16	32	8	16	32	
3	Malur	10	20	40	10	20	40	
4	Siddaghatta	8	16	32	8	16	32	
5	Chickballapur	12	18	36	12	18	36	
6	Goribidnore	8	13	26	8	13	26	
7	Bagepally	12	28	56	13	30	60	
7	Gudibandi Range	5	10	20	4	8	16	
8	Chintamani	3	6	12	3	6	12	
8	Srinivaspur Range	6	12	24	5	10	24	
9	Mulbagal	4	8	16	4	8	16	
	Total	85	165	330	84	163	330	

It will be Seen from the above that all the Ukkads Sanctioned have

have been opened except that of Kaggepally for want of funds Sanctioned for the purpose.

10. I have therefore to request that the Inspector General will be so good as to address Government to Sanction a special rate of Rupees 4/- for this grat involving the additional grant of 48 Rs a year to the Sum already allocated for this District. On the receipt of orders Sanctioning the additional grant, the School at Kaggepally will be opened and the fact duly

reported.

I have the honour to be,

To

THE SECRETARY TO THE GOVT. OF MYSORE,

SIR,

With reference to Government Proceedings No. 7160-9 / 796 dated 20th December 1895 sanctioning the opening of 466 Bokkads and Outposts in the Province tentatively for a period of 2 years from 1st January 1896 and subsequent Proceedings No. 10249-50 / 1099 dated 23rd February 1898 extending the period up to the end of June 1898, I have the honor to forward herewith a summary

of the reports received from the Deputy Commissioners with my remarks. It will be seen therefrom that all of them except those of Mysore and Shimoga, are unanimous in recommending the permanency of the Scheme. The Deputy Commissioner, Mysore says that owing to the defective nature of the Village Police organization in his District, the system does not work satisfactorily and may be abolished, Constables being employed for the amount now spent. The Deputy Commissioner, Shimoga, says that the system is not of use in the present form of allowing the men to work during night only and proposes that they should be

appointed solely for this work on increased pay of Rs 5/- or that Constables might be employed for the amount now spent for them. I have fully expressed my views on this point in paras 11 and 15 of the summary and would only state here that the object in introducing the system was to render the Village Police service more efficient by utilizing the local knowledge and interest of these men in the prevention anddetection of crime, while by the appointment of a Policeman instead we shall not only lose these advantages but also impair the touch of the Regular Police with the Village Police agency.

2. Almost all the Deputy Commissioners Consider that the present pay is

not

not attractive to the men and recommend
higher rates ranging from Rs 3 to 5. I beg
to invite the attention of Government to my
remarks in para 16 of the summary and
would only remark here that the present
pay Compares very favourably with the
emoluments of the Patels and Shanbogues
who are the most influential village officer
and that any increase of the same will
raise discontent among the latter officers
The Duties and Salaries may further neglect
their revenue work for which they get only
a Comparatively smaller income and thus
give rise to friction between them and
higher officers. In Course of time when the
easy nature of the duties is clearly understood

and

and when they realize that they earn 2 Rs a month without doing any hard work by simply sleeping in the Bokkad huts with brief intervals of watch, these village servants will get reconciled to the work.

3. I would accordingly recommend the Continuance of the system on the existing lines tentatively until the scheme for the remuneration of minor village servants is finally passed.

4. I herewith forward a Talukwar statement showing the number of Bokkads now maintained and new ones proposed by the Deputy Commissioners. It will be seen therefrom that 457 Bokkads with 791 Jodies and Talaries costing Rs-

Rs 19104 per annum are now in operation, only 28 men being short and 9 BoKKads unopened. I request therefore, that for the present a general sanction may be accorded for the maintenance of these as well as for the 106 new BoKKads with 225 Jobies now proposed. The total number will then be 572 BoKKads with 1044 Jobies and Salaries costing Rs 25152 per annum as per details noted in the margin for a period of one year, after which a further report will be submitted

5. I beg in Conclusion to invite

reference to this Office No. 839/83 dated 29th × August 1898 and to request for early orders as the sanction for the existing Gokkads expired on 30th June last and the men have not received their allowance for the last 2 months.

× The Hon. ... made ...

I have the honor to be,
Sir,
Your most obedient servant,

for Inspector General of Police.

Summary of the reports from the Deputy Commissioners regarding the Gokkad scheme with the Inspector General's remarks.

1. The Deputy Commissioner, Bangalore, has forwarded a Memo from the Superintendent of Police stating that the system has been working satisfactorily & that highway robberies and dacoities are not so common now as they were before and that people seem to travel with a greater assurance of safety to person & property.

Two general remarks of any detailed consideration in the absence of supporting statistics

2. The Superintendent further reports that much difficulty is felt in

retaining the men in service, as there was first
in getting them to do the work on the small
pay of Rs 2/- as they have greater attrac-
tion for Revenue work, and that men
who would like to be benefited both
ways take up the appointment, but
would not work as well as they are
expected to do.

3. He recommends that their
pay may be doubled; probably under the
impression that the Ooties should be
employed solely on this duty, foregoing
their remuneration for performing duties
in the Revenue department; and further recommends that for
Rokkads in which there is only one watch-
man, an additional watchman may be

sanctioned on the ground that in many instances, Jolies have complained of being afraid to go about alone.

4. The Deputy Commissioner of Kolar reports that the employment of Jolies and Talaries for guarding the highways while giving confidence to the travelling public, has been of material help to the Police in their work of prevention and detection of Crime. In proof thereof he instances the Malur Mail dacoity and the case of preparation for dacoity in the Bágépally Taluk in connection with both of which the Gokkad watchmen rendered signal service. He further maintains that the Gokkad scheme being the most decided

tep in the direction of utilizing village
ervants as rural Police outside the actual
nhabited portion of the village, deserves
o be improved and made permanent.

5. He further reports that all
te Bokkads sanctioned were in working
rder except one in the Chintamani Taluk
hich had to be closed from June 1897
n account of the refusal of the men
o work unless their pay was raised
to Rs 4/-, that difficulty is also felt
n retaining the men in some other
Bokkads which, however, may be got
ver by the prospect of an increase of
pay, but that he would not advocate
such an increase in the case of these men

as

as it is calculated to create discontent
among others and likely to alter the nature
of the service itself. He would therefore leave
such Gokkads vacant until suitable men are
available for the present pay, employing
regular Policemen in the interim wherever
watching is considered indispensable.

It is conceded
that some of
these men
would be
unsuitable!

6. The Superintendent of Police,
Gold Fields, also reports that the scheme
is working very satisfactorily, chiefly in
the prevention of crime.

I do not see
any reason
to alter
this view

7. The Deputy Commissioner, Tumku
reports that most of the Gokkads in his
District are situated on high roads
and foot-paths at places which afford
natural facilities for the Commission of
dacoities and highway robberies and some
in Kanawes (passes) and jungles which of

afford shelter for Criminal gangs, that "the watching and patrolling of such places "is the surest way of suppressing organized "dacoities and that the existence of Gokkads "is a necessity and their abolition will "set a premium upon lawlessness and "brigandage".

8. He further reports that during the two years the scheme has been in force, heinous offences against property have gone down and depredations by foreign gangs have become rare. He recommends that the scheme may be made permanent.

Necessarily periodical revisions

9. The Deputy Commissioner, Mysore, is of opinion that so far as his District is concerned, the scheme has not been of any practical utility or help to the

Regular Police in the prevention and detec-
tion of crime and that he is not therefore
prepared to recommend its permanency.
He attributes this result to the very defective
nature of the Village Police organization in
the Mysore District, 75 per Cent of the village
having no properly appointed Police and
Salaries and states that the Bokkad scheme
must prove a failure unless and until
the Village Police Scheme is thoroughly
overhauled and improved and that he
would, in preference to the Bokkad watch
-men, recommend the employment of
Policemen for the sum of Rs 64/- now
sanctioned for watchmen and the uti-
lization of their services for better pur-
-poses than the Village servants whose

only duty now is to sleep at the outposts. I quite agree

10. With regard to French Rocks, the Superintendent of Police reports that the Gokkad watchmen have been of immense help to the Regular Police in the work of prevention as evidenced by the immunity from serious crime enjoyed for the past two years by the travelling public. He proposes increase of pay to watchmen in certain Gokkads. In forwarding the report the Deputy Commissioner, Mysore, remarks that about three fourths of the Gokkads in the Sub Division are manned by persons unconnected with the Village service and

So in Bangalore all three are well paid now - reputation Police has men

and that their Continuance with such paltry allowance Cannot be depended upon. But, he says, he is not prepared to recommend the abolition of the scheme in the Sub Division and that it may be given a further trial as long as the services of the men whether Jolies or not are available for the purpose, and that he would prefer Policemen being entertained for the amount now spent on the watchmen who Cannot be depended upon to Continue in service.

I think much better

11. While agreeing with the Deputy Commissioner with regard to the defective nature of the Village Police service in the

Mysore

Mysore District, I cannot commend his proposal for employing Regular Police-men instead of village watchmen. A village servant or a villager, where the servant is not available, will be more useful with his local knowledge and influence in the prevention or detection of crime than a Policeman who is a stranger and can have very little touch with the people. I will not advocate the abolition of the system in the Mysore District, but would recommend its continuance notwithstanding the difficulty in procuring men for service, until the scheme for

the reorganization of the Village Police, which I hope to submit shortly, is passed, when I think there will be little difficulty in procuring the services of the village servants.

12. The Deputy Commissioner, Hassan, reports that the Gokkads opened in his District have proved beneficial to the Regular Police in preventing crime to some extent and ensuring the safety of the roads for the travelling public. He recommends an increase of pay to Rs 3-4 to the watchmen employed in five of the Gokkads situated in isolated tracts remote from villages.

13. The Deputy Commissioner, Shimoga, reports that under the existing

scheme, the Jotis and Jalaries have to go and watch the BoKKads during nights without prejudice to their own private work during the day, that as a matter of fact and as is natural after the days hard work, they merely sleep away the night in the BoKKads and that the scheme as at present worked is of no practical use as the Jotis do not watch at all and there is no way of enforcing their regular attendance, the fear of losing the low paid appointment not acting as a deterrent to prevent non attendance. (9)

14. He proposes that either the

the pay of these men be raised to Rs 5/- per mensem when they can afford to give up their own work by day and devote day and night to watch the Bokkads and patrol the places Commanded by them or that instead of the 77 Jotis and Talaris 25 extra Constables at a slightly additional Cost may be maintained who Could be posted to Bokkad duties during the hot season and to Sub stations for assistance in regular Police work during the rainy weather.

15. My remarks on the Mysore Deputy Commissioner's proposal - vide para 11 - apply to this District also. The object in inaugurating the system of watch at

Kokkads by village servants is to utilize the cheaply paid and hereditary village staff for the prevention of Crime and it will be frustrated if the agency is converted into a paid one unconnected with the village and not possessing the influence resulting from connection with revenue work in the village. The present allowance of Rs 2/- a month though perhaps low by itself will, if taken in addition to the miras attached to the Toti and Talwar service, be found fair enough. In course of time when the nature of the duties is clearly under-

understood by them and when they know that they can earn 2 Rs a month in addition to their earnings by day for doing no hard work, the work will be readily accepted.

16. I may also reiterate that it would be a mistake to raise the pay, as then the remuneration will be found proportionately very much higher than what is allowed to the Shanbogues and Patels who are the most influential village officers. The Totis and Talaries may neglect their revenue duties for which they receive only a comparatively smaller income and thus give rise to friction between them

and

and the higher officers. They have general-
ly no special Police work to do by day
in Connection with the outpost duty
and very little personal exertion is
required to sleep in a shed on the
roadside. What we want is only their
Co-operation and the information which
they gather without any trouble or exertion;
for, the village Police will be the first
to know of any uncommon occurrence
such as the advent of suspicious-looking
strangers and the object of their visit;
and if they promptly Communicate the
information to the higher authorities, the
occurrence of serious Crimes will, to a
great

How will they know if they must Communicate up in the Thana and what away com- fortably down the night - for it be the Village Police will do all this & more and we must adjust -

great extent, be prevented. As an instance of this, I may mention that it came to my knowledge after the occurrence of the dacoity at Murgi Matt near Anantapur in the Sagar Taluk on the 6th November 1896, that a large number of strangers with red Coats had been observed to pass one evening near the Edagani village towards Anantapur a day or two before the dacoity. If this information had been given in time, the dacoity itself might probably have been forestalled. The Regular Police will not be able to note such occurrences in the interior and it is only through the agency of the village watchmen that these things will

Why was this information not taken advantage of? I do like to read their papers

will come to their Knowledge. I would for these reasons strongly recommend the system being tried on the present pay until the village Police Scheme is matured.

17. The Deputy Commissioner, Chitaldroog reports that the services of the Jodies and Talaries were utilized in helping beat Constables in patrolling the high roads and Cart tracks on either side of the Bokkads which are located in places where the dacoits generally resort to Commit Crimes and that they were able to scare away dacoits from such places. He recommends that

the scheme may be permanently sanctioned and that, as much difficulty is felt in inducing hukdár village servants and even private individuals to take up the work on the low pay and in view of the fact that the remuneration of such Jobs and Salaries for similar work is fixed at Rs 5/- in the border Taluks of Her Majesty's Territory, the pay of the watchmen may be raised to Rs 3/- at least.

I need only remark that the increase of pay will as remarked under para 16, alter the nature of the service. The Deputy Commissioner appears to be under a mistake as to the nature of the service and

the amount of work to be performed by the Ghat Talaries in the British Territory.

18. The Deputy Commissioner, Kadur, reports that the scheme had been attended with success, that one manifest advantage derived from it is that while the travelling public has gained perfect Confidence in the safety of the roads, highway robberies have become unusually rare in the neighbourhood and that owing to the inadequacy of the remuneration, 4 of the GoKKads which were first opened Could not be worked regularly.

The

He states that. Considering the extensive field for more remunerative employment on Coffee estates open to the labouring classes, the present pay of Rs 2/- is not in the least attractive to the watchmen and recommends that the pay of the men may be raised to Rs 4/- per mensem

I am not, as already remarked, in favor of increasing the pay of these men

As it is the Overseers are not properly rewarded for want of proper pay.

This is a very unsatisfactory report - It is rather disappointing after waiting for 6 months & more & expected them opinion in favor of continuing the Establishment. Reasons why Mysore men are not quite in favor of the measure. The Govt should be asked to know the opinion of these Mysore men and submit a complete report with definite proposals as to change needed - but the year is too long a period. I would give the Govt another 6 months to consider the retention of the present Establishment

SIR,

With reference to Government Proceedings no. 4918-19/J 5-20 dated 7-10-1898 requesting me to submit a report as to the working of the Dokkad system, I have the honor to state that the village servants were found very watchful and had been of great use in the prevention of crime and in the observation of strangers passing by their Dokkads. From my personal observation during my late tour in the Chitaldroog, Kadur, and Hassan Districts, I am able to assure the Government that this establishment should be made

made permanent, subject, of course, to the increases of pay in particular localities and change of ookka in some places, and sanction of additional ookkads in other stations for which a full report will be submitted after collection of further information.

In the meantime I beg to recommend that the present establishment may be sanctioned for another year.

I have the honor to be,

No. 1532/124

Dated Bangalore, 6 October 1899.

Enc.

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

I have the honor to invite Your attention to correspondence ending with this Office letter No. 1450/116 dated 28th September 1899 and to state that all the District Officers bring to notice that the Zotics and Talaries employed in watching Cokkads and outposts are put to great inconvenience owing to non-receipt of pay for the past 3 months. I request that early

orders

orders may be passed for the continuance of payment to these men. I shall be ready to supply any information which Government may require on the subject.

I have the honor to be,

Sir,

Your most obedient servant,

K. Laundy

Letter No 4724/399 dated th
22nd June 1899, from the Inspec
General of Police in Mysore
requesting that the present
establishment of Ookkad Cutch

and Salaries may be continued for another year and stating that the full report called for above will be submitted after Collecting some additional information.

Order in Council No 8-9 of report 12-10-1899

The Govt are pleased to sanction the Continuance for another year from 1st July 1899, of the temporary establishment of Posties & Salaries guarding frontier stations, as recommended by the Inspector General in his letter ~~herein~~ read above, with the observation that the Govt consider that the explanation given for

the delay in the submi
of the report called for
so far back as the 7th O
1898, is unsatisfactory;
that they trust that th
Inspector General will endea
to expedite the report
much as possible.
